

Luton Airport Taxi Service - London Luton Airport Taxis

What is a "Luton Airport Taxi" is a very good question; the main reason for this is there are no "Luton Airport Taxis". The truth of the matter is they are all "Luton Airport Private Hire Cars". To understand this you would need to know the laws in England that cover "Hackney Taxis" and "Private Hire Cars". All the Luton Airport based "Taxi" companies are registered as "Private Hire" companies, the main reason being there is no "Taxi Rank" for Taxis at Luton Airport.

Luton Airport Taxi Rank

Luton Airport Taxi Rank or the lack of a Taxi Rank for Luton Airport Taxis is very often misunderstood. There is one company that can "Pick Up" at the ramp at Luton Airport but they have bought that license from B.A.A. Luton and can only "Pick Up" a fare if it is pre-booked at the desk inside the terminal at Luton Airport. So get in the queue and wait your turn. Is this fair? Well not according to most of the other "Private Hire" companies running a business in the Luton Airport Taxi world. So Luton Airport doesn't have a Taxi Rank where you can just walk up and take a Taxi from Luton Airport. This means that all the Taxis from Luton Airport have to be pre-booked, so why not pre-book yours before you fly?

Why call them Luton Airport Taxis?

In this day of internet information over half of the passengers travelling from Luton Airport book their flights "Online". They also look online to find the best way to travel to and from Luton Airport and if they want to travel by a "Private Hire Car" they more often than not enter "Taxi to Luton Airport" in their search. Who would think of entering "Executive Car" when looking for a "Taxi" to or from Luton Airport? This is the reason why most of the "Private Hire" companies at Luton Airport use the term "Taxi" or "Taxis" in their adverts.
